

SDK Extreme

The all-new SDK Extreme By Source inc. represents the latest advancement in high performance 5G technology. It's engineered to deliver a blistering fast 5G local area network in some of the harshest of conditions. This innovative solution packs NETGEAR's newest M6 Pro 5G mmWave, 5G C-Band, and LTE router. Paired with Parsec's most advanced and powerful 5G antenna into a remarkably compact form factor and internal batteries, making it small enough to be stowed in a backpack or carried on an airplane. Despite its small size, it fully harnesses all of the 5G spectrum and the latest technology.

Case Specifications:

- 8 Gbps throughput 5G
- 5G mmWave, 5G C-Band, & 4G LTE
- Wi-Fi 6E at 3.6 Gbps
- 1,000 sqft of Wi-Fi Coverage
- 2.8" Touchscreen
- 2.5 Gbps Ethernet Port
- Up to 48 Hours of Battery Life
- IP54 Rated with Ports and Lid Closed
- Built-In Ultra High Gain Antenna
- USB-C Fast Charging
